# Mitigating Disaster: Bolstering Southern California's Resiliency

Thursday, February 14, 2019

**Thursday, February 14, 2019**  
**7:00am-9:00am**

**City Club Los Angeles**  
**555 S. Flower Street, 51st Floor**  
**Los Angeles, CA 90071**

We know that our region is vulnerable to shocks and stressors: the next big earthquake, wildfires, aging infrastructure, the housing shortage, economic inequality, climate change, water insecurity, just to name a few. While we are continuing to make strides, as *100 Resilient Cities* notes, it's time to do more to strengthen, empower, and secure our communities. This riveting panel will look at what we are doing broadly to make our region more resilient and then take a first exploratory look at the aftermath of the recent wildfires and how these experts are utilizing the lessons learned and research to combat future disasters.

## **MODERATOR**

**John Bwarie**, Deputy Director  
Dr. Lucy Jones Center for Science and Society
